

Input voltage 17–35V

Recommended choices for U2: LM4562, LME49720

C12, C13 are optional,
but should be Polypropylene Film.

C19, C20 are optional,
but should be Polyester Film.

R9, R15 could be Bourns 3296W–1–102LF
but a 1K resistor is totally fine.
